

HDDDA NEWLETTER

MAY 2010

2010 promises to be the best year ever for the High Desert Demolition Derby Association. Volunteers have been working hard all year to bring you an exciting fun filled event that is to be enjoyed by the entire family.

3 changes highlight this year's event. The purse has been increased to \$10,000! Without the drivers, we would not have an event. The increase in prize money represents our commitment to making sure that drivers can look for and purchase quality cars and trucks for the derby that will continue to keep the event growing.

With \$20,000 donated from the HDDDA and some additional help from the Desert Empire Fairgrounds, a new 270 seat aluminum bleacher was purchased for the arena and will be installed prior the **October 24th** event. A walkway will also be installed allowing ADA access to all seating sections in the arena.

The HDDDA now has its own website. It is <http://www.hddda.com> This site contains entry forms, sponsorship information and a seating chart. There will also be information about our schedule for ticket sales in October. Driver will be able to list cars for sale and parts wanted, and there will also be useful derby links available. Our site will keep you up to date on projects the HDDDA is undertaking for the fairgrounds.

Come join us at the next DEF Board Meeting. **20 May 2010 at 5:30pm.**
Some of the agenda items as of right now are:

- 0 Motorcycle track discussions
- 0 Additional funding for arena improvements
- 0 and many more items.
